PRICE LIST

WHOLESALE

AND

RETAIL

FOR TERMS AND CONDITIONS
SEE INSIDE OF BACK COVER.

WE take great pleasure in presenting our fifty-first annual price list of Ornamental trees. Our stock is all perfectly hardy, for it must be in order to survive this cold climate. It is adapted to a wide range of climate and will thrive equally well in the South as in the North. Our trees are full of life and vigor and represent the best that the North can produce.

To large Planters: We grow a large assortment of Evergreens and Deciduous trees and in some of the standard varieties, are prepared to furnish small trees in very large quantities. We would be pleased to figure with parties who intend to plant in large quantities.

To the Retail Trade: Our assortment includes all the standard varieties of Evergreens and Ornamentals. We earnestly solicit correspondence from parties who desire to make small plantings of either Ornamental or Fruit trees.

To the Wholesale Trade: We especially solicit the wholesale trade. Our trade discount is liberal and we cater especially to nurserymen and dealers. Special prices will be made on car load lots.

Millions of trees are now being planted every year for Forestry purposes, and the planters for such purposes usually buy in very large quantities. To these we will say that it will be a pleasure to us to quote them special prices on their requirements, provided their needs can be supplied from the varieties that we raise and offer for sale.

We would emphasize the fact that all illustrations in this price list are of trees grown in our nurseries. There is no deception about our illustrations.

EVERGREEN NURSERY CO.

STURGEON BAY, WIS.

Evergreens and Ornamentals.

Evergreens

ARBOR VITAE—*T. occidentalis*,—AMERICAN.

A hardy, compact growing evergreen. Unsurpassed as a hedge plant. It may be sheared into almost any conceivable shape. Invaluable for screens, windbreaks and ornament. Endures the coldest winters and is adapted to a great variety of soils.

		Each	10	100	1000

"	12—18 in.	.04	.25	2.00	12.00

BALSAM FIR—*Abies balsamea*.

Adapted to lawn planting. A slender pyramidal tree of rapid growth. The foliage is a dark green and emits a fragrant odor. This tree is widely used as a Christmas tree.

"	18—24 in.	.45	3.00	20.00	150.00

PINE—*Pinus Austriaca*,—AUSTRIAN.

The Austrian Pine is a native of Europe. It requires only a moderately fertile soil. In fact it has succeeded on sandy shores and dunes where no other variety would survive. It is a hardy rapid grower and we recommend it both for windbreaks and ornamental plantings.

PINE—*Pinus Strobus*,—WHITE.

White Pine is the standard forestry tree of the North and East. It is very sturdy, long lived, and a rapid grower. We recommend it highly as a wind-break tree, and individual specimens make a pleasing ornament.

SPRUCE—*Picea excelsa*,—NORWAY.

Probably the most widely planted of all evergreens. Its rapid and compact growth, immunity from disease and adaptability to almost any soil or climate, make it probably the best windbreak tree known. Individual trees in our nursery have made as much as three feet of growth in height in one season. When given room to develop it is compact and symmetrical, making it valuable as an ornamental. Our stock of this variety is exceptionally fine, and no one will regret having planted a Norway Spruce.

Terms and Conditions

TERMS.—*Cash before shipment*, unless special agreement has been made for other terms of payment or previous credit has been established with us. *No deviations from this rule.*

SHIPPING SEASON.—Generally begins April 1st and continues to June 15. Fall season from August 15th to Nov. 1st. All stock is dug fresh and packed in best quality live Sphagnum moss. Some seasons we can commence digging as early as March 15th.

OUR RESPONSIBILITY for delivery ceases when delivery is made by us to transportation company. This guarantee, however, shall in no case make us liable for more than the original invoice value of the stock. Under no circumstances will goods be shipped subject to approval or rejection on arrival.

SHIPPING DIRECTIONS. — State distinctly whether you want the goods sent by *freight or express* and tell us what railroad to ship by if you have a preference.

BOXING free on all orders accompanied by remittance in full, *provided same does not amount to more than 10% of amount of order.* Otherwise, boxing at cost.

SPECIAL PRICES given on very large orders. 50 of any one variety and sizes sold at 100 rates, and 500 of any one variety and size, at 1000 rates.

PLEASE DO NOT ORDER 12 in. trees at price of 8—12 in., nor 18 in. trees at the price of 12—18 inches. Price of 12 in. trees will be midway between that of 8—12 in., and 12—18 in., and the same rule will apply in all cases where one exact size is ordered at variance with the sizes given in this list.

ALL goods travel at purchaser's risk and expense.

PRICES in this catalog supersede all previous quotations and are subject to change without notice.

CLAIMS for deductions will receive consideration only when made within six days after receipt of goods.

CAUTION.—All quotations are made subject to stock being unsold when order is received and to injury to stock from causes over which we have no control.

CANCELLATION.—Orders are not subject to cancellation after being dug or packed.

INSPECTION.—Our nurseries are inspected annually by the State Entomologist, and we hold his certificate that our stock is free from injurious insects and contagious diseases.

Clean Certificate of Inspection accompanies every shipment.
